RAPIST CAUSES DEATH

Exciting Times Witnessed Tuesday
Night at Mobile.

SHOOTING IN PRISON

While Searching For Negro Fiend
Special Police Officer Mortally
Wounded, Passing Away
In a Few Hours.

Mobile, Oct. 3.—Roy Holye, a special officer of the Mobile and Ohio railroad, and one of the most widely known and best liked men in this vicinity, was shot and fatally wounded, and Alderman Sidney Lyons, chairman of the city council was slightly injured in the hand Tuesday night during a fight at the county jail between deputy sheriffs and a crowd of men determined to capture Dick Robinson, a negro.

The negro, who is only seventeen years of age, Tuesday attacked Ruth Sossman, the twelve-year-old daughter of Blount Sossman, who lives three miles from this city. The girl was passing a secluded spot not far from her home when she was attacked. Later she was found lying unconscious by the roadside, and was taken to her home. Detectives were placed on the track of the negro, and within three hours he was captured. When found he had substituted short pants for the trousers he had on earlier in the day. He was taken before the girl, who at once identified him. Deputy Sheriff Falch, knowing that the negro would be lynched if brought to the city, caused him to be conveyed to a station several miles up the Mobile and Ohio railroad.

Several assaults upon white women have occurred within the last few weeks, and the news of this latest outrage caused intense excitement. As early as 6 o'clock in the evening crowds began to gather in the downtown streets, and by 6:30 o'clock 500 men had formed at the intersection of Royal and Dauphin streets. The crowd was harrassed by several speakers, who urged them to take the life of the negro if he were found, and in a short time the crowd was on the march for the jail. Sheriff Powers met the leaders of the mob and informed them that the man they were seeking was not in jail, and had not been brought here. He offered to let any one whom he personally knew pass through the jail to satisfy the crowd of the truth of the statement. About forty men walked through the corridors, and some of them returned and assured the mob that the man was not there.

While several of the party, including Holye and Lyons, were still in the jail, a portion of the crowd, led by a man unknown, secured a telephone pole, blown down in recent storm, and dashed it against the closed part of the double door, one-half of which was open. The door fell with a crash, and almost instantly a shot came from a revolver in the hands of a man standing in the gate. At once the members of the mob began a fusillade. Not more than a dozen men took part in the firing, and there was a stampede. The mob was widely scattered, and in a few seconds Alderman Lyons, who had been inside the jail, came out, announcing that he had been shot and Holye desperately wounded.

Following this announcement a large part of the crowd dispersed, notwithstanding the appeals of the men who led the crowd which fired on the building that the negro section of the city be visited and vengeance wreaked.

Later about 300 men boarded an outgoing Mobile and Ohio train, having received information that the negro had been taken to Eight Mile Point, determined to lynch the negro.

Governor Jelks took active steps to prevent any further disorder, and ordered that three companies of militia be brought to the city as quickly as possible.

Shortly after 10 o'clock a second mob gathered in the business section, and went to the jail, convinced that Robinson was there, and expressed themselves as determined to secure him at any cost. Sheriff Powers declared that Powers was not in the jail. The mob demanded that they be allowed to send men through to make another search, and this was permitted by the sheriff. Eight men entered and reported that he was not in the building. The announcement was received with incredulity, and there was a demand that the negro be brought out at once. Excitement was at a high pitch when Captain Frank Lumsden addressed the crowd, assuring them that Robinson was not there. This speech satisfied the crowd, and it soon dispersed.

Roy Holye died at 1:20 o'clock Wednesday morning. The crowd got back on a Mobile and Ohio train. They did not find the negro.

Norfolk, Va., Oct. 3.—The vessel which came ashore near Little Kinna keet life saving station on this coast proved to be the schooner Twilight, which capsized at sea during the September coast storm. She is still bottom upwards and rapidly went to pieces in the severe storm which swept the Virginia and North Carolina coast Wednesday.

WINTHROP PROMOTED

He Becomes Provisional Governor

MISSION OF MAGOON

After a Vacation In United States
He Will Become Vice Governor
of Philippines and Member
of Commission.

Washington, Oct. 3.—After a talk at the white house with Governor Magoon the president reconsidered the plan he had formed of sending the judge to Cuba as civil governor, and decided that in view of the fact that Secretary Taft had already taken up the subject with Beekman Winthrop, present governor of Porto Rico, he would not interfere with his programme. Consequently, Mr. Winthrop

JUDGE BEEKMAN WINTHROP, GOVERNOR OF PORTO RICO.

will be the provisional governor of Cuba, and Judge Magoon, after a short vacation in this country, will, as originally planned, go to the Philippines as vice governor and a member of the Philippines commission.

REFUSED TO APPEAR.

Attorneys For Prosecution Went to
See the Packers.

Chicago, Oct. 3.—The state of Arkansas ended its first attack on Chicago packers by making an agreement with attorneys, representatives, Swift & Co., Nelson Morris company and the Cudahy Packing company in the suits brought by the state for violations of the anti-trust law. Representatives of the local packers refused to appear before Lyle D. Taylor, appointed commissioner of the Arkansas court, and hence the attorneys for the prosecution did the next best thing. They went to see the packers. On their return they reported that the case against the Hammond Packing company was the only one that would be prosecuted at the present time. Judgment will be given against that concern, and then the case will be submitted to the Arkansas court, which has yet to pass on the act.

APPEARS IN ARKANSAS.

Boll Weevil Reported In Miller, Lafayette and Columbia Counties.

Little Rock, Oct. 3.—W. G. Vinceneller, director of the Arkansas agricultural experiment station, announces in a statement to the Arkansas Gazette, on the authority of Dr. W. D. Hunter, the United States government expert, that the boll weevil has appeared in Arkansas in Miller, Lafayette and Columbia counties, bordering on Louisiana. Dr. Vinceneller adds that there is a strong probability that the infested territory will be increased considerably by December.

COMPARISON MADE.

Several Russian Newspapers Refer to
Rioting at Atlanta.

St. Petersburg, Oct. 3.—Several newspapers have published editorial articles on the events at Atlanta, Ga., comparing them with the anti-Jewish massacre in Russia. The Novoe Vremya expressed the hope that the United States will now cease to attribute the Russian excesses to official provocation, instead of admitting that they are the result of natural racial animosity.

Dowie Remains at Chicago.

Chicago, Oct. 3.—Dowie has decided not to go to Mexico.

Declared Valid.

Cincinnati, Oct. 3.—The Kentucky racing commission law was declared constitutional, the injunction against the racing commission was dissolved and the case remanded to the lower court for further proceedings by the United States court of appeals in this city.

FREIGHT CARS SMASHED.

Wreck at College Station Tore up Track Very Badly.

College Station, Tex., Oct. 2.—A southbound freight train on the International & Great Northern railroad was wrecked here at an early hour this morning. Six or eight cars left the track and four were badly smashed up. The track was torn up for a distance of a hundred yards or more. Two of the wrecked cars were loaded with cotton, one with wheat and one with coal. A crew of wreckers has been at work all day, but has not cleared the track yet. The tracks of the Central are being used from Bryan to Navasota for passenger trains.—Galveston News.

The wreck was cleared and the road opened to traffic at an early hour yesterday morning.

WILSON & EDGE MILLINERY OPENING

The handsomely decorated millinery parlor of Wilson & Edge was the scene of their formal showing of dress hats for Fall wear yesterday, and was thronged with ladies throughout the day, large sales being made by Miss Braatz and her assistants. The display was one of the most superb ever made by this enterprising firm, and included copies of the advanced Parisian and New York models, noted for distinctiveness and exclusiveness. Picture hats are popular in large and medium shapes, and turbans are much worn. Popular shades of the season are oxblood with rose, castor and Bordeaux. Plumes, aigrettes and flowers make up the body of the very beautiful trimmings. It is impossible to describe the many beautiful hats shown in detail, and those who did not attend yesterday will have an opportunity, as the opening continues today.

The elaborate display in the show windows, ready-to-wear department, and in fact the entire store, filled with attractive and fashionable new goods, divided honors to a considerable extent with the millinery department in claiming the attention and admiration of all.

Sam P. Cochran of Dallas, grand senior warden of the grand commandery Knights Templar of Texas, will arrive from Dallas today for an inspection of Ivanhoe Commandery tonight.

J. H. White of Wixon was in the city yesterday and the Eagle learns with profound regret that Mrs. White is still quite ill.

A telegram was received here yesterday announcing the death of Mr. Thos. M. Ewing at Arkadelphia, Ark. Mr. Ewing was advanced in years, and was an uncle of Messrs. T. M. and Alex. Ewing, who reside in the Brazos bottom. He leaves a family, all his children being grown. He was a highly respected citizen and a county official of Clark county Ark., for twenty years. Alex. Ewing left for Arkadelphia last night.

The Ross Volunteers and Company "D" of the A. and M. corps of cadets have complimented two of Bryan's young ladies by electing them as sponsors. FURNACE BLOWS UP.

Four Men Were Killed and Eight Others Sustain Injuries.

Baltimore, Oct. 3.—One of the furnaces of the Maryland Steel company at Sparrow's Point blew up Wednesday morning. Four men were killed and eight others injured, two perhaps fatally. Three of the dead are negroes. The victims were overwhelmed by a rush of flaming gas and coke from a hole in one of the blast furnaces, caused by the forcing out of its socket of the casing which holds the compressed air pipe. The men had just put in a new air pipe and the blast had been turned on about ten minutes when the accident occurred.

INCENSED AT BLACKS.

Two Hundred Men Surround Negro Near Play House.

Mobile, Oct. 3.—The temper of the citizens of Mobile was shown Tuesday night by the fact that before the conclusion of the performance at the leading negro play house of the city, a crowd of 200 men gathered in front of the place and a clash was feared as the negroes came out. None occurred, however, but it would have required only the slightest altercation between a white and colored man to have produced serious trouble.

Fall Opening

OF THE

..New Styles for Men..

THIS IS THE GREAT CLOTHING EVENT OF THE YEAR--OUR ADVANCE SHOWING OF the new Fall and Winter models. As every one knows who is at all posted on the subject the new styles are very largely originated by the Schloss designers and later copied by others. The present season is a good illustration. Now that our Fall stock is here, we can show you new advance models that will not be generally offered for at least two or three months.

THE NEW "HARVARD" SACK

Fashions don't come from London and Paris any more---most of them are brought out at the great universities like Harvard, Yale, Princeton and other famous institutions. Here is one of the best of the new designs for Fall, called the "Harvard" because the model came from there, well shown in the illustration. You'll find it just as correct for business wear in New York or San Francisco as it is on the Harvard campus. This is only one of our "University" Models. Ask to see them. Don't confuse the design with the ordinary "straight fronts" that you may see. The similarity ends there. Little differences of line and shape and proportion, impossible to describe, give the "Harvard" Suit an unusual character and smartness specially brought out by the fine tailoring.

Our Schloss Suits cost from

\$12.50 to \$25. Others \$5 to \$10

It Will Pay You

To see these splendid garments. Not only are you certain of the new style and the right style, but the quality, fit and incomparable workmanship of these garments are thoroughly exclusive characteristics. Furthermore we have very few duplicates and our best will be quickly taken. See them now; we will reserve your selection until later, if you so desire.

THE MORNING EAGLE

Entered at the Postoffice as second-class mail matter.

BY CARNES & WALLACE

BRYAN, TEXAS, OCTOBER 4.

One thing about the Gulf coast hurricane is that it gave the cotton market a betty lift.

The street corner debaters of Texas are having the time of their lives with the Bailey matter.

Waxahachie puts forward G. M. Parsons, a young man living near Red Oak, as the champion cotton picker of the season. He is credited with gathering in 701 pounds of the fleecy staple in a contest last Friday. The six men in the contest picked 3100 pounds during the day, one of them being sick a part of the time and another one making two trips to the gin.

The Galveston News has a timely editorial counseling moderation of expression in the heated political controversy now being fought out in Texas.

The scope of the recent Gulf coast hurricane is shown by the report that forty four light houses were destroyed between New Orleans and Mobile, leaving those between Mobile and Pensacola yet to be reported on.

DISTRICT COURT MATTERS.

The jury in the case of Dr. C. L. Versea, colored, charged with murder in the second degree in connection with the death of the negro woman, Annie Cabiness, on yesterday morning returned a verdict of not guilty, and the defendant was discharged. This concludes the criminal business of the term.

CIVIL BUSINESS.

A. W. Buchanan, Horace Dans-

by and Jim Lloyd are serving as jury commissioners by appointment of Judge J. C. Scott.

J. W. Riggins vs Sam M. Winters, damages, set for Monday of second week, March term.

Rupert Hays vs H. & T. C., dismissed by plaintiff.

George Greer vs H. & T. C., continued.

Francis Localter vs Henry Localter, divorce granted.

Walter Erwin vs Emma Erwin, divorce granted.

Ed Watson vs Bettie Watson, divorce granted.

Maggie Neal vs Cal Neal, divorce granted.

Ellie Williams vs Jennie Williams, divorce granted defendant on her cross bill.

THE MARKETS.

Special to The Eagle.

Stock Yards, Kansas City, Mo., Oct. 1, 1906.—Supply of Quarantine was liberal last week but is small today. Steers declined 20 to 25 cents last week, and since last Monday the quality of steers has been very poor, prices ranging from \$2.50 to \$3.60. Cows lost only 10 cents in extreme cases, fair to good ones selling steady all week, calves closed a shade lower. Supply to-day is 41 cars, light for Monday, quality of steers very common, bulk of the supply running to cows, which are steady, top \$2.90, most sales \$2.25 to \$2.60, top veals to-day \$6.00, weights above 200 pounds at \$3.25 to \$4.00. There was a decline in the native division last week also, and at all the other markets. Some shippers of both native and quarantine cattle forwarded stuff to other markets, not satisfied with bids here, but it proved disastrous in nearly every case, as they finally sold close to the bids here, in some cases for less money. Stockers and feeders are 20 to 35 cents below a week ago, but movement is free at the decline, and number held over Saturday was smaller than on the previous Saturday. A heavy run is looked for during the next few weeks, and a great many visitors are expected to the Fall Festivities this week, and to the

American Royal Live Stock Show next week.

Hog prices were higher last week, although receipts also increased 37,000 head for the week. A buyer for Mexico City boosted the market on heavy hogs, putting them up within 10 cents of the top, while medium and light weights are selling close together. Market is strong to-day, supply 4000, top \$6.52½, bulk of sales \$6.40 to \$6.50, pigs selling either in loads without sorting, or at \$6.00 to \$6.40 when in isolated bunches.

THE SELLS-FLOTO SHOWS WILL SOON BE HERE.

An advance announcement says: Now comes the cheerful show press agent with his first aid to the children. The Sells-Floto Shows inaugurate their annual traveling season this year with the most costly, gorgeous and elaborate display ever seen under the enormous canvas.

The Sells-Floto Shows have grown to such magnitude as to necessitate enlargement in every department. And this famous amusement institution is proud of its home, and while on tour is ever a standing reflection of Denver's industry and genius.

The menagerie alone is nearly double its former capacity, for during the winter the old world has been scoured thoroughly for wild animals and strange beasts of every country, and now this attractive and highly educational department is complete in every particular. The cages, vans, chariots and tableaux cars are all new and especially attractive in wondrous architecture, conceded by all show men to be unequalled by any other firm, corporation, company or syndicate.

It has taken many years and several fortunes to place this department on such lavish magnitude, to tickle the fancy and satisfy the mind of the generous public. When witnessing the grand street display from which no revenue is derived—only the gratification to please both young and old children—remember that what follows in the big canvas is more meritorious. In the main tent many new features will surprise and delight the beholder, daring acrobatic acts will fill out a long program, more than enough to satisfy and please the most exacting critic and astonish everyone else. Two performances are given daily, rain or shine.

Coming on Thursday, Oct. 11 to Bryan.

TAKEN TO BIRMINGHAM.

Negro Who Caused Riot at Mobile in Jefferson County Jail.

Birmingham, Ala., Oct. 3.—Two deputy sheriffs from Mobile reached Birmingham early Wednesday having in charge Cornelius Robinson, a negro youth, who is alleged to have assaulted Ruth Sossman, a twelve-year-old white girl, near that city Tuesday afternoon, and for which crime a mob attempted to twice storm the Mobile jail, two men being shot, one dying. He was placed in the Jefferson county jail for safekeeping. He denies his guilt, but was identified by his victim. Officers say that after the arrest and identification of Robinson he was rushed to the Mobile jail, but kept there only long enough to secure a team, when he was driven to Carrys, a station on the Southern railway a few miles out, where a train to Birmingham was caught at 6:30 o'clock Tuesday evening. Robinson was not in the Mobile jail when the mob gathered.

Mr. Clark says: "The cotton is not only rotting on the ground, but on the stalk. He was moving from Channing to Amarillo, and accompanied his household goods, together with several head of stock.

Seventy-six horses, occupying three cars, went down, and all were instantly killed. They were being shipped from Channing to Fort Worth.

The bridge across the creek is 150 yards long, and perhaps thirty feet above the shallow water, and is a total loss. The cars piled up in a massive heap. The engine and one car crossed safely. The caboose and one car remained on the other side.
